I am pursuing criminal prosecution of violent crimes perpetrated against me.

I suspect I want to find tech services from sources different than people who perpetrated violent crimes against me.

I am also attempting to find sources and resources about tech records associated to myself and possibly additional people.

I am also attempting to find sources and resources about tech records in physically tangible formats, electronically stored information, words printed on paper, formats of openable and readable computer files, formats of computer files openable on normal circa 2020 home office computers. I am attempting to present tech records or cause tech records to be presented in official Courts of California and or the United States.

I am a 34 year old male Citizen of the United States of America. I was victim of violations of laws of California and the United States during 2011 to 2020 perpetrated by people operating some technology possibly commonly known as "tech", "in" and or "hat".

I have filed civil suits in Superior Court of California Sonoma County and United States District Court Northern District of California to cause investigation and prosecution of violations of laws perpetrated against me; the first conference is set to happen during late September 2020.

A copy of most of the suit is available at the web address <https://caoutside.wixsite.com/prints>.

Also I am attempting to find how to obtain tech records and my tech records in physically tangible formats such as on computer hard drives so as to present them in Courts of California, States of the United States and or the United States.

Substantial considerations exist.

Hello Mr. Coxon,

Mon, Sep 21, 2020 at 10:17 AM

Unfortunately, we cannot provide you with information about tech services because it is outside of our area of expertise. Our organization helps victims of crime with information about their rights and resource referrals. However, the following resources may be able to help:

Legal Aid of Sonoma County (707-340-5610)  
Sonoma County Bar Association (707-546-5297)  
Sonoma County Legal Services Foundation (707-546-2924)  
Best, Elena

My name is Benjamin Coxon.

I have complained multiple times to the Sonoma County Sheriff Department California Highway Patrol United States Federal Bureau of Investigation and the United States Bureau of Alcohol Tobacco and Firearms.

I have filed Petitions at Superior Court of California Sonoma County and United States District Court Northern District of California demanding investigation and prosecution.

The filed Petitions have case numbers Superior Court of California Sonoma County SCV-266146 and United States District Court Northern District of California JCS CV20 5638.

I am not a lawyer or attorney. I have never been part of the United States Military or law enforcement.

The Petitions filed at Superior Court of California Sonoma County and United States District Court Northern District of California might be lacking and or without some information.

Benjamin Coxon was harassed battered tampered with hindered and impeded while preparing documents described above as filed at Superior Court of California and or United States District Court Northern District of California.

Benjamin Coxon was victim of California Penal Code Battery and United States Code Stalking during September 2020 and October 2020 while Benjamin Coxon was located in California United States of America.

Benjamin Coxon asks requests and demands that the United States Federal Bureau of Investigation and or the United States Bureau of Alcohol Tobacco and Firearms investigate.

Benjamin Coxon asks, requests and demands that the United States Department of Justice investigate and prosecute violations of laws perpetrated against Benjamin Coxon.

I am a 34 year old male Citizen of the United States of America. I was victim of violations of laws of California and the United States during 2011 to 2020 perpetrated by people operating some technology possibly commonly known as "tech", "in" and or "hat".

I have filed civil suits in Superior Court of California Sonoma County and United States District Court Northern District of California to cause investigation and prosecution of violations of laws perpetrated against me; the first conference is set to happen during late September 2020.

A copy of most of the suit is available at the web address <https://caoutside.wixsite.com/prints>.

Also I am attempting to find how to obtain tech records and my tech records in physically tangible formats such as on computer hard drives so as to present them in Courts of California, States of the United States and or the United States.

Substantial considerations exist.

My name is Benjamin Coxon.

I am a victim of recent violent crimes which seem to have been perpetrated by people and or people

associated to people who maintained "tech" and "tech" programming associated to Benjamin Coxon, Benjamin Coxon's thoughts, body, brain, memories, activities, etcetera.

I am pursuing criminal prosecution of violent crimes perpetrated against me.

I suspect I want to find tech services from sources different than people who perpetrated violent crimes against me.

I am also attempting to find sources and resources about tech records associated to myself and possibly additional people.

I am also attempting to find sources and resources about tech records in physically tangible formats, electronically stored information, words printed on paper, formats of openable and readable, computer files, formats of computer files openable on normal circa 2020 home office computers. I am attempting to present tech records or cause tech records to be presented in official Courts of California and or the United States.

Send information.

I have posted an information webpage. The information webpage has the www internet address <https://caoutside.wixsite.com/prints>.

People might consider

consider contacting a legal aid office of a District of the United States District Court and ask that they mail and or email a copy of documents normally sent to and or provided to Plaintiffs and or Petitioners filing and or attempting to file and or asking to file and or seekinging to file and or soliciting to file and or attempting to obtain legal aid and or legal self help and legal pro se information.

Ben received, looked at and or utilized documents supposedly sent from the northern district of california legal aid during and or about August 2020.

I am pursuing criminal prosecution of violent crimes perpetrated against me.

I suspect I want to find tech services from sources different than people who perpetrated violent crimes against me.

I am also attempting to find sources and resources about tech records associated to myself and possibly additional people.

I am also attempting to find sources and resources about tech records in physically tangible formats, electronically stored information, words printed on paper, formats of openable and readable computer files, formats of computer files openable on normal circa 2020 home office computers. I am attempting to present tech records or cause tech records to be presented in official Courts of California and or the United States.

Send information.

I am a 34 year old male Citizen of the United States of America. I was victim of violations of laws of California and the United States during 2011 to 2020 perpetrated by people operating some technology possibly commonly known as "tech", "in" and or "hat".

I have filed civil suits in Superior Court of California Sonoma County and United States District Court Northern District of California to cause investigation and prosecution of violations of laws perpetrated against me; the first conference is set to happen during late September 2020.

A copy of most of the suit is available at the web address <https://caoutside.wixsite.com/prints>.

Also I am attempting to find how to obtain tech records and my tech records in physically tangible formats such as on computer hard drives so as to present them in Courts of California, States of the United States and or the United States.

Substantial considerations exist.

I am a victim of recent violent crimes which seem to have been perpetrated by people and or people associated to people who maintained "tech" and "tech" programming associated to Benjamin Coxon, Benjamin Coxon's thoughts, body, brain, memories, activities, etcetera.

I am pursuing criminal prosecution of violent crimes perpetrated against me.

I suspect I want to find tech services from sources different than people who perpetrated violent crimes against me.

Send information.

I have posted an information webpage. The information webpage has the www internet address <https://caoutside.wixsite.com/prints>.

I am a 34 year old male Citizen of the United States of America. I was victim of violations of laws of California and the United States during 2011 to 2020 perpetrated by people operating some technology possibly commonly known as "tech", "in" and or "hat".

I have filed civil suits in Superior Court of California Sonoma County and United States District Court Northern District of California to cause investigation and prosecution of violations of laws perpetrated against me; the first conference is set to happen during late September 2020.

A copy of most of the suit is available at the web address <https://caoutside.wixsite.com/prints>.

Also I am attempting to find how to obtain tech records and my tech records in physically tangible formats such as on computer hard drives so as to present them in Courts of California, States of the United States and or the United States.

Substantial considerations exist.

associated to people who maintained "tech" and "tech" programming associated to Benjamin Coxon, Benjamin Coxon's thoughts, body, brain, memories, activities, etcetera.

I am pursuing criminal prosecution of violent crimes perpetrated against me.

I suspect I want to find tech services from sources different than people who perpetrated violent crimes against me.

I am also attempting to find sources and resources about tech records associated to myself and possibly additional people.

I am also attempting to find sources and resources about tech records in physically tangible formats, electronically stored information, words printed on paper, formats of openable and readable computer files, formats of computer files openable on normal circa 2020 home office computers. I am attempting to present tech records or cause tech records to be presented in official Courts of California and or the United States.

Benjamin Coxon demands prosecution.
